

The Square News

A Little Progress Every Day Adds Up To Big Results...

There has been a lot of behind-the-scenes activity, as well as on the job site. The list is quite extensive, but here are some of the highlights:

- Groundbreaking logistics are set
- Exposed aggregate panel design mix is set
- Stone panels are in production
- Talks have started on the design of Main Avenue to make it even more pedestrian friendly
- We have drone videos showing the view from each terrace
- Live cameras soon to be available so you can watch the building reach the skyline of Sioux Falls

Please join us for the Washington Square Groundbreaking Ceremony. Light refreshments will be served.

July 20th, 2016 | **318 South Main Avenue**
10:00 am | **Sioux Falls, SD 57104**

WASHINGTON SQUARE™

Luxury Living, Office, and Retail

- 8 Stories
- 3 Levels of On-Site Parking
- 2 Commercial/Retail Spaces
- 1 Level of Office Space
- 22 Luxury Condominiums
- Rooftop Owner's Terrace

What a difference a month makes!
The lot is cleared, and we're ready to start the fun.

Washington Square will sit on 600 Geopiers.

The geopier system creates a packed aggregate element. The system builds replacement/displacement elements to reinforce soils, allowing for construction flexibility.

Performance, flexibility, and cost-effective qualities make the geopier system the ideal solution for reinforcing a variety of soil types.
